# HI, I'M KATYA

I believe every couple's love story deserves to be told in a way that feels natural and true to them. My style focuses on blending candid, emotional moments with elegant compositions to create images that you'll treasure for a lifetime. From the small, quiet moments to the big, celebratory ones, I aim to document your day as it unfolds, with all its joy, emotion, and beauty.

While I'm based in London, I'm always ready to pack my bags and travel wherever your love story takes me—whether that's a countryside manor, a dreamy destination wedding, or a intimate elopement.

If you're looking for elegant, authentic, timeless wedding photography with a personal touch, I'd love to hear from you!

# WHAT IS MY PHOTOGRAPHY STYLE?

My style blends *timeless elegance* with *authentic storytelling*. I capture candid, heartfelt moments as they unfold naturally, alongside beautiful portraits that reflect the grace and beauty of your wedding day.

I favour soft, natural tones to create a refined and romantic aesthetic, ensuring every image feels warm, authentic, and truly timeless—perfectly preserving your most cherished memories.

Every image is crafted with care, highlighting the emotions, details, and beauty that make your wedding unique. My goal is to provide you with a collection of photographs that feel as meaningful years from now as they do today.

LET'S DO IT!

# WHAT ABOUT COUPLE PHOTOS?

Although I love to capture candid, authentic moments throughout the day, there will always be time and opportunity for couple photos and formal/family photos.

After the ceremony but before the wedding breakfast is the perfect time for formal photos and couple photos. We can also take a moment later in the evening to capture some golden hour couple shots.

If you're a little camera shy and unsure how to pose, not to worry. I will guide you, all the while making sure you are comfortable and enjoying yourself. If you don't want to pose, that is fine too!

## IT'S ALL IN THE DETAILS

I know you have spent an awfully long time planing your wedding day, which means all the personal touches you have so carefully chosen will be captured too!

Whether it is the table decorations, cake, flowers, rings, music, the wedding favours and much much more, I will capture as much as possible as part of your day, just let me know in advance about special requests!

*enjoy the process*

# HOW DO I BOOK?

I would love to hop on a call so I can hear all about how we can work together to create the perfect photos for your special day. Whether you know exactly what you're looking for, or are just browsing, I am happy to chat it through!

After the call, if you proceed with the booking, I will send out a contract for you to review and sign, and an invoice for 25% deposit. Your final invoice will be due 4 weeks before the wedding.

# WHEN AND HOW DO I RECEIVE MY PHOTOS?

I aim to have all your photos retouched and uploaded to your private online gallery within 8 weeks of your wedding. As soon as they are ready, I will email you a link to take you straight to your wonderful photos.

There are no hidden costs, you will have access to the full gallery of high resolution images.

I will provide a handful of previews available to view 72 hours after your wedding!

# DO YOU HAVE A DRONE?

Yes! I am excited to share that drone photography is a brand-new addition to my services for 2025. Drones open up a world of possibilities, allowing me to capture stunning aerial views of your venue, breathtaking group shots, and unique couple portraits from perspectives you'll love.

However, drone usage depends on a few important factors, including the weather, venue permissions, and the timing of your event. I will work closely with you and your venue to make sure everything is set for safe and legal drone operation. When conditions align, the results are truly spectacular!

# WHAT ABOUT TRAVEL?

I love traveling to capture your special day, no matter where it takes place. Travel within a 60-mile radius of my address in London is included in my packages. For distances beyond that, a small travel fee may apply.

If your wedding is significantly further away and requires an overnight stay, there may be an additional charge to cover local accommodation. We'll discuss all travel arrangements in advance to ensure everything is seamless and stress-free for your big day!

## A SECOND SHOOTER

A second shooter is an assistant photographer who works alongside me, your main photographer to help cover your wedding day to its full potential. They will normally capture all the things your main wedding photographer won't be able to cover when they are on their own, and will provide the fullest coverage of your day.

## LUXURY PRINTED WEDDING ALBUM

I can put together a luxury printed album, with personalised embossing on the cover, a selection of cover options to choose from including Natural Linen, Lux Linen, Premium Pastel Linen or Leatherlike, with multiple colour choices.

## PRE-WEDDING PHOTOSHOOT

The perfect time to capture some couple photos in the setting of your choice, whether that is the lights of London or a quiet stroll in the park. If you are a little camera shy, it's a great opportunity to get comfortable before the wedding and test out your favourite poses.

## ADDITIONAL HOURS

Whether it's the late night dance floor moves or its tailoring a package bespoke to your needs, adding additional hours is a brilliant way to make sure you have everything covered for a budget that suits you!

# TESTIMONIALS

*Rosie & Josh*

Katya was just incredible from start to finish!

Whilst us girls got ready it was like having another friend there with us and she made us all feel so relaxed. We couldn't have wished for anything more, we love our photos so much and they evoke all the emotions of the day all over again whenever I look at them!

I honestly wouldn't hesitate recommending Katya, and I am so grateful that she captured our day!

---

*Charlotte & Jack*

We chose Katya because of her talent to capture genuine, candid moments in a natural style, and she truly delivered beyond our expectations. Our wedding photos are everything we had hoped for—timeless, elegant, and filled with those moments on our wedding day, that passed by so quickly!

Katya was an absolute joy to work with. Her calm and composed presence on the day made the experience even more enjoyable, and we felt at ease knowing she was there to capture every special moment.

---

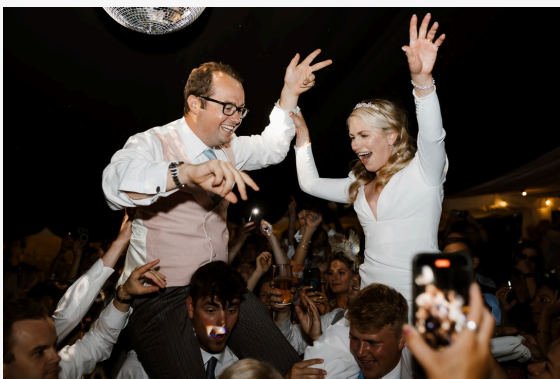

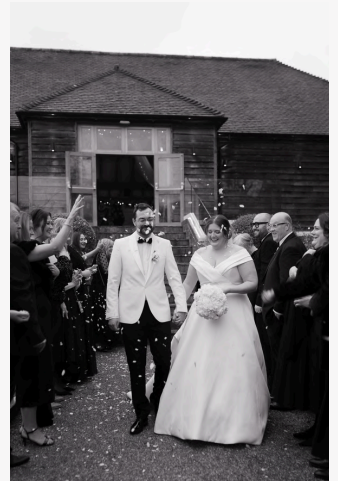

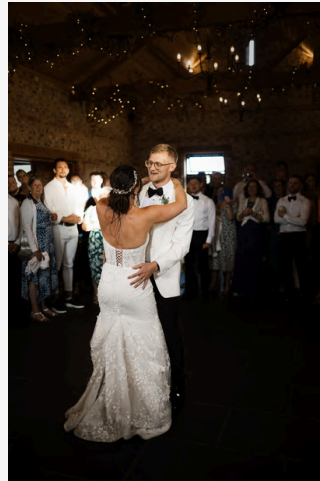

*Hannah & Jonny*

Look no further for your wedding photographer! Katya took our wedding photos in June 2024 and she absolutely smashed it! The photos are so great, looking at them all again is like being transported back to the whole day. She managed to capture such special moments without us even realise she was doing so.

You'd be a fool not to hire her!

# MY PORTFOLIO

# FREQUENTLY ASKED QUESTIONS

## What happens if it rains?

Rain can actually create some of the most romantic and cinematic wedding photos! I recommend bringing clear or white umbrellas for outdoor shots, and I will work with your venue to find beautiful indoor or covered locations. If you're happy to embrace the weather, we can capture stunning, atmospheric images together!

## What if our schedule changes last minute?

Weddings don't always run exactly on time, and that's completely normal! I build flexibility into my approach, so small timing shifts are never an issue. If there are major changes that require additional hours of coverage, I'll always discuss this with you in advance.

## Can we request specific photos?

Absolutely! I love capturing the moments that matter most to you. If you have specific shots in mind—whether it's a special family photo or a must-have detail—feel free to share them with me. I also send a pre-wedding questionnaire to make sure nothing important is missed.

## What happens if you're unable to photograph our wedding?

I am fully committed to capturing your wedding day, and I have *never* missed a wedding. However, in the extremely rare case of an emergency, I have a trusted network of professional photographers who share my style and high standards. This ensures that no matter what, your wedding day will be captured beautifully and I would still edit all the photos in the style you love!

## How far in advance should we book you?

Most couples book 6-18 months in advance, especially for peak wedding season. If your date is set, I recommend reaching out early to secure your date!
